

[Stranglehold Torrent Iso Game](#)

The renowned Silent Hill survival horror series comes to a portable gaming system for the first time with a brand new adventure. Taking full advantage of the PS2 (PlayStation 2) system's graphics, sound, and portability, Silent Hill Origins will be the most terrifying game to arrive on a handheld system. This game features spooky new effects and visuals never before seen in the Silent Hill series. The new "Barricade System" allows players the ability to block off rooms from enemies. The enhanced camera system improves the action and controls designed specifically for the PSP system. Plus, the game includes brand new puzzles and mysteries to uncover

One day both get kidnapped by the Zakarov Syndicate The name of the cop which got Billie pregnant is Inspector Tequila.. To deal with all those bad guys Tequila has not only his fists and his trusty Enforcer (dual wield pistols) but also gets access to machine guns, shotguns, grenades and rocket launchers.. But this won't be enough either To give Tequila the ultimate advantage he also has access to Tequila Time and Tequila Bomb.. You take on the role of Tequila and not only get the copkillers but also unwillingly help the Dragon Claw because of Billie and her daughter..
